RAGE 2009

The Beverage Bot is bartending for the second annual Roseville Aquatics Gala Event (RAGE) on Friday May 1st 2009. Last year the Beverage Bot was the hit of the party. This year we intend to impress by showing off our latest creation... The Warthog.

The Warthog is the most advanced automated bartender ever created. The mantra of the Warthog is "Simple, Robust, and Effective".

We named this unit after the Air Force's A-10 Warthog which was designed to fly with one engine, one tail, and half a wing torn off all while being easy to maintain.

The Warthog is designed to be small enough for a home unit but robust enough for a commercial environment with features including, but not limited to, favorites, preferences, custom, specials, history, and bartender mode. The unit is easier than ever to use with the new finger scanner login.

Event Details

Roseville Aquatic Teams Booster Club is back with their outstanding annual Dinner/Dance social that promises to be another blast and one you will not want to miss!

Come celebrate and support Roseville area aquatics with alumni and swim team members!
